

BMS SUMMER SCHOOL 2009

Moduli

August 21-23, 2009 at HU Berlin

The Summer School will give an introduction to the broad area of mathematics related to Moduli from various points of view such as algebraic geometry, number theory, and mathematical physics. Confirmed speakers of the Summer School include Jean Benoit Bost (Orsay), Gerard van der Geer (Amsterdam), and David Smyth (Harvard).

It is aimed at graduate students in mathematics. Postdoctoral and young researchers are encouraged to attend.

Applications have to include a letter of interest, CV and one recommendation letter.
